SAN FRANCISCO GETS THE FIGHT

Gleason-Rickard Bid of \$101,000 and Two Thirds of Picture Privileges-All-Interscholastic Football Team Picked-Mohican Manager Bombards Heavyweights.

New York, Dec. 2.—The fight for the heavyweight championship of the world between James J. Jeffries and John Johnson will be held in California, in the vicinity of San Francisco, on July 4, 1910, and will be staged by Tex Rickard of Nevada and John J. Gleason of San Francisco. Their bid of \$101,000 and two-thirds of the moving picture privileges to the contestants was formally accepted during a stormy meeting at Hoboken, N. J., this afternoon and the articles will be drawn up the stricks will be drawn up the stricks will be drawn up the articles will be drawn up the stricks will be drawn up the stricks. of \$101,000 and two-thirds of the mov-ing picture privileges to the contestants was formally accepted during a stormy meeting at Hoboken, N. J., this after-noon and the articles will be drawn up and signed there tomorrow. It is be-lieved the fight will represent more cash than any other fight in the his-tory of the prize ring.

Moving Picture Rights a Factor. Moving Picture Rights a Factor.

Thomas J. McCarey of Los Angeles, whose bid was considered highest by many, made a game race for his Pacific Athletic club, but his cause was without hope. James Coffroth, by virtue of his control, of the two basic patents on moving pictures, had decreed against McCarey and his ally, Eddle Graney, of San Francisco, and the fight was given to Gleason and Rickard, who, it is conceded by sporting men, have an understanding with Coffroth—a surmise strengthened by the fact that Gleason and Coffroth have shared one bid in the past. McCarey and Graney estimate that the net value of the moving pictures will amount to at least

mate.

After Lou Houseman of Chicago, as master of ceremonies, had called the meeting to order in a hotel at Hoboken Sam Berger, Jeffries' manager, announced that his principal had decided for Rickard and Gleason. George Little, representing Johnson, made a similar announcement, and Stakeholder Bob Murphy was about to declare the matter settled when McCarey rose to insist on reading the Rickard bid, to show that it was not the best.

Stakeholder Declares the Award. Lou Houseman quieted the argument, but there was more wrangling before Berger announced decisively that Jef-fries would not change his verdict. Little made a similar announcement for Johnson, and Stakeholder Murphy declared the award was Rickard and

MARKET DEPRESSED.

By Switchmen's Strike and the Fear of

Its Spreading.

New York, Dec. 2.—Speculative attention was diverted from the main current of affairs in the stock market today in some by-channels having to do with special developments concerning railroad properties and their relations. The separation of the Rock Island and the St. Louis and San Francisco systems has given ground.

by an assumption that it was to come into the plans for the direction of Lehigh Valley. This idea was not entirely resinquished, in spite of the disclaimers, which lacked full official authority. The suppositions regarding the new "deal" pointed, as an alternative, to the Delaware, Lackawanna and Western as an auternative of the compositions of the composition of the comp

tive, to the Delaware, Lackawanna and Western as an enstern outlet for the Rock Island, to be linked by the Wa-bash. This alternative did not weak-en the effect of the Lehigh Valley transaction, owing to the close benking relations between the new forces in Lehigh Valley and the Lackawanna element in the old Lehigh Valley con-trol.

While the sale of old holdings in Lehigh Valley by the Lake Shore, the

While the sale of old holdings in Lehigh Valley by the Lake Shore, the Central Railroad of New Jersey, the Reading and the Erie have been reported from time to time, no such rumors have been heard regarding Lack-awanna holdings of that stock, which are assumed therefore, to be in friendly relations with the new holdings now to be represented on the beard. The reports of plans for extension of the

reports of plans for extension of the Western Maryland reorganized prop-erty revived the conjecture of a pos-zible completion of its linking with the

ington that national bank holdings in railread securities were to be scrutinized under the suggestien that speculative interest in the stock market, especially by the great New York banks, piayed too lasse a part in their conduct. The stock market element felt nervous over this suggestien.

Bonds were steady. Total sales, par value, \$5,267,000. United States bonds were unchanged on call.

Largest Purse Ever Offered. The guaranteed purse for this fight is the largest ever offered, but sporting men believe the moving pictures will not even more. An indication of the value of the latter is the fact that Houseman, who had the Illinois rights to the Corbett-Fitzsimmons pictures, and paid \$104,000 to Dan Stuart as the promoter's percentage for them, realpromoter's percentage for them, realized handsomely on his investment. Houseman is now the principal bidder for the rights for this coming fight. John L. Did Not Appear.

John L. Did Not Appear.

John L. Suilivan was mentioned in the gossip today as a possible referee, but was not seen at headquarters.

"John L. has been on the water wagon so long." a volunteer explained, "that he will not permit himself to be tempted. For that reason he has not been around."

No one believes that Suilivan will be selected as referee. His age and bulk

No one believes that Sullivan will be selected as referea. His age and bulk fire his only handcaps, but they are sufficient. The referee may be chosen tomerrow, when the final articles are signed, but it is considered likely that Jeffries, Johnson and the promoters, all of whom have an equal voice, will take time and thought before selecting so important an official. Where is California?

MoCarey Tries to Get Hearing.

"I was induced to come across the continent," protested McCarey, "by the representation that everything was to be above board here. I find otherwise. If my bid is not the best, then Eddie Graney's is. Graney's bid amounts, including pictures, to \$275,000 to the fighters."

"Well, I've been in this fight business longer than you have," spoke up Gleason, and was about to centinue when McCarey jumped to his feet and hurled his wallet across the long table, cryling:

"There's at least \$250 that you have not."

"But I've had bigger fights," persisted Gleason.

"Til bet my pile you haven't," shouted McCarey.

Cucumber Capt. R. C. Siegling of the Princeton football team will call a meeting in a few days of the men who played against Yale to select a captain for next season. The election of a captain of a Princeton football team is, according to the athletic association rules, to be held within ten days after the Yale-Princeton game. The proximity of the Thanksgiving recess necessitated a postponement this year.

Three men are spoken of prominently for captain: W. R. Sparks, 1911, Alexander Magregor, 1911, and Eddie Hart, 1912. The first two are the only ones who will be seniors next year. There has been little speculation as to the captaincy, for each of the three men, it is felt, would make capable leaders. Hart will be only a junior next year, and it is not customary, except on special occasions, to elect a junior for the captaincy. Sparks and Magregor were substitutes this season, the former at halfback and the latter at tackle.

Of the tackles, Welles would overshadow anything that has been produced in the local field this season and would be the heaviest man on the team contributing 190 pounds to the line. Both on offensive and defensive play he would be a winning factor, as he would be the strongest punter, a good man with the forward pass, a rock on the defense, and a sure ground gainer in the running game. Noble as the other tackle, would allow few gains through his position and would also be a ground gainer when given the ball to carry. In the guards position the material has been of rather medicore quality, but O'Nelfi and Walsh, the one of two years' experience and the other a newcomer to the gridiren, seem to have the call. Center goes to Ricketts, who adds to his steady and accurate passing, a strong defensive game in the line, and a pronounced ability to wet out into the open for tackles in any part of the field, occasionally getting down on kicks with the ends.

of the field, occasionally getting down on kicks with the ends.

In the backfield Hendrick has them all faded at quarter, for headwork, smooth handling of the ball, helping in the interference, and tackling suredy and persistently on the defensive. Noyes and Beebe would make a fast pair of halfbacks, the Norwich man for his dashing dodges around end or through a broken field, and for his ability in hurling the forward pass, while the New Loudon man would contribute effective work through the line and both would be strong on the defensice. Either could also do the necessary punting if called upon. Windham high's one representative gets on in Captain Richmond at fullback, but there is not much to choose between him and Glynn of Bulkeley or McCormick of Academy.
